Angels Can Fly with a Little Help from Some Unexpected New Friends

Paul David Robinson weaves a modern fable with a most peculiar cast of characters showing how Love is the answer to our problems.

Love and harmony can come out of the blue, and in the case of Paul David Robinson's new children's book "When the Dew Fell on the Okra," they come with seemingly random drops of falling dew.

Flying to the most important birthday party in the world, a little angel suddenly falls out of the sky, caught by a droplet of dew.

Before the angel drops into a tulip in front of them, her wings drenched and too heavy to use, a group of elves and imps are stunned to see dew covering nearby okra. What could possibly be happening? Dew never falls on okra in the Land of Imps and Elves!

The ensuing events will soon change their lives.

After the angel is dry enough to fly home, she helps the imps and elves prepare for the most important birthday party in the whole world, a birthday party for Love. In so doing, both the angel and her new friends learn firsthand how love triumphs over all.

Robinson comments, "Everyone can celebrate Christmas with the idea in this book. It offers another way of looking at the world around us and is a way to show our appreciation and love for others without insisting that they believe as we do." He adds, "It shows that love is universal, regardless of religion or creed."

"What a wonderful message for children and adults alike, not only at Christmas but all through the year. Loved it." ~ **Reader Review**

AUTHOR: Paul David Robinson, BA, MDiv, has been writing stories and poems for sixty years. In 2013, he began to ePublish. He wrote *Summer* in 1998 but published it first because it was his mother's favorite and is dedicated to his wife, Carolyn, the love of his life. It is about love at first sight, pain and suffering, the difficult choices people face, and how love can overcome anything. He has two novels for older children and youth, nine novels for adults, and two volumes of poetry currently available to the public. A prolific writer with another novel for adults and two more volumes of poetry waiting to be published, he wrote "When the Dew Fell on the Okra," his first published children's book, as a way to say thank you to those who helped him while he was in college.
